

Dear Board members,

I appreciate all the warm thoughts and support --- not just over the last couple weeks but all along.

After additional reflection, I still feel it is in the best interest of the Association if I resign from the Board. This is the only possible way for the association to move forward.

I want you all to know how much all of you and CSN mean to me and Cheryl. This will not change because of me resigning from the Board. I will still do everything I can to help and keep CSN the special place it is --- just not as a Board member.

Sincerely,

Jonathan
